

STUDENT EXPERIENCE

- The new building will provide a home for our students where they can live, study and thrive.
- Students will benefit from the fantastic public transport links offered by being directly above Stratford station and Stratford bus terminus.
- High quality amenity space will be provided at the middle and top of the building with access for all students to study and socialise.
- The accommodation will mainly consist of cluster flats with en suite bathrooms and communal kitchens/living areas.
- The quality of the accommodation we offer is market leading in the student housing sector and constantly improving to meet students' evolving needs.
